HOW TO USE THIS GUIDE

Let us assume you wish to get to 140 Duane St. On Page 23 you will find under the heading of Duane St. that the nearest house number to the desired one is either 130 (at which point Church St. crosses Duane St.) or 150 (at which point West Broadway is crossing) you will also see that 130 Duane St. lies 2 blocks north from Chambers St. Station of the 8th Ave. Subway, and 150 Duane St. lies 2 blocks north from Chambers St. Station of both the 7th Ave. Subway and 6th Ave. Elevated Line, so whichever line you travel by you must walk 2 blocks north to reach your destination.

To ascertain whether a particular Bus or Car specified is suitable for your purposes, consult the back of the folded map where all the streets are named through which the various Bus and Car lines pass.

Should you not know from which station to start your journey, look up in this Guide the name of the Street in which you happen to be located at the time and you will find the information needed.
